

ABDULRAHIM ELSAYED

JUNIOR FULL STACK DEVELOPER

 Cairo, Egypt |  abdulrimelsayed@gmail.com |  +20 1066250647 | github.com/Abdo1454 | abdo1454.github.io/portfolio-website

PROFESSIONAL SUMMARY

Computer Science undergraduate and Junior Full Stack Developer with practical experience engineering scalable web applications using React.js, PHP (Laravel), and MySQL. Proficient in architecting RESTful APIs, building responsive UI components, and applying strong Object-Oriented Programming (OOP) and algorithmic concepts to deliver end-to-end web solutions. Driven by continuous learning, competitive programming fundamentals, and clean code practices.

TECHNICAL SKILLS

Frontend:	React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap 5, Responsive Web Design, React Router, REST API Integration
Backend:	PHP, Laravel, Node.js (Fundamentals), RESTful API Development, JWT Authentication, MVC Architecture
Database:	MySQL, SQL, Eloquent ORM, Relational Database Design
Concepts:	Object-Oriented Programming (OOP), Data Structures & Algorithms, Problem Solving, Competitive Programming
Tools & Platforms:	Git, GitHub, Postman, Visual Studio Code, GitHub Pages, Netlify

FEATURED PROJECTS

Atrak Perfume – Full Stack E-Commerce Platform [\[Live Demo\]](#) [\[GitHub Code\]](#)

React.js • Laravel • PHP • MySQL • Bootstrap 5 • REST APIs

- **Architected & Deployed** a full-stack e-commerce web application as a diploma capstone project, delivering end-to-end functionality for dynamic product cataloging, user authentication, shopping cart management, and order processing.
- **Engineered a Custom Perfume Builder** feature utilizing React state management to enable real-time fragrance customization and dynamic pricing calculations.
- **Designed & Built RESTful APIs** in Laravel using Eloquent ORM to handle backend routing, authentication, dynamic business logic, and relational database queries efficiently.
- **Optimized Cross-Device UI/UX** using Bootstrap 5 and modular React architecture to maintain smooth performance and visual consistency across all screen sizes.

Sixteen Clothing Shop – E-Commerce Web Application [\[Live Demo\]](#) [\[GitHub Code\]](#)

React.js • JavaScript (ES6+) • Bootstrap 5 • REST APIs • Netlify

- **Developed & Deployed** a responsive clothing store frontend leveraging React functional components and hooks (useState, useEffect, useContext) for application state management.
- **Implemented Interactive E-Commerce Features** including dynamic product search, multi-criteria filtering, detail pages, and functional shopping cart operations.
- **Integrated External REST APIs** to dynamically fetch, render, and synchronize real-time product inventories and pricing updates.
- **Automated Continuous Deployment** on Netlify directly integrated with GitHub version control.

Portfolio V2 – Personal Developer Portfolio [\[Live Demo\]](#) [\[GitHub Code\]](#)

React.js • JavaScript • Bootstrap 5 • GitHub Pages

- **Designed & Built** a clean, responsive portfolio showcasing personal software engineering projects, technical skill sets, and professional training.
- **Architected Reusable React Components** ensuring sustainable codebase maintainability, quick page loads, and seamless adaptation across desktop, tablet, and mobile displays.

TRAINING & CERTIFICATIONS

Full Stack Web Development Trainee

2026

National Telecommunication Institute (NTI)

- Built scalable web applications using React.js, PHP, Laravel, MySQL, and RESTful APIs while applying Git/GitHub collaborative workflows.

Web Development Diploma
Creativa Zagazig (ITIDA / TIEC)

Nov 2025 – Feb 2026

- Completed an intensive 84-hour hands-on diploma focused on modern web engineering, frontend frameworks, REST API integration, and version control.

Problem Solving Trainee (Level 0/1)
ZU ICPC Community

2025

- Practiced algorithms, data structures, complexity analysis, and competitive programming fundamentals using C++.

EDUCATION

Bachelor of Computer Science
Faculty of Computers and Information

Expected Graduation: 2028

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Systems, Software Engineering, Operating Systems, Computer Networks, Web Technologies.

SOFT SKILLS & LANGUAGES

Soft Skills:

Problem Solving, Analytical Thinking, Team Collaboration, Technical Communication, Time Management, Self-Learning, Adaptability

Languages:

Arabic (Native), English (Professional Working Proficiency)
